

Fr. Orville Cajigal and 28 leaders and members of Phase 17 gathered for a celebration at the St. Hannibal Training Center last November 9, 2014 to thank the Lord for blessings, especially the gift of four years of being a healthy community. They also took the occasion to strengthen their bond. On the same day, the weekly Formation Session on Mathematics was conducted for leaders and members of the RYSMC. The program is meant to augment and improve the participants' knowledge and skills in solving basic mathematical problems.
